

Merry Christmas

Frohe Weihnachten und Gluckiches Neue Jahr.

Dec 19, 2022

Hey Rick,

In 2024, I'm taking what will then be my 16-year old grandson, Parker, to Germany with me. Hence, Duolingo and I have become good friends. I've actually learned just over 1000 words.

When I was in Missouri last week (visiting Parker and his family), Parker and I took some time to begin to study Germany and some of the things we would want to do when we get there.

Also in addition to how much money Parker has to earn and save for the trip, he has to do some history and culture study of the German people and write a report for me as a part of his prep. (Yes, Opa is a teacher and trainer).

- **Language**
- **Environment**
- **Culture.**

Merry Christmas and New Year's blessings for 2023.

Here's my quick tip.

This next year, in 2023 become wirklich guter Schuler(in) (really good student) in the language, environment, and culture of fundraising.

However much you know, there's more to know. Read, study, observe, process, discuss, test, fail, and test some more. Do not get stuck thinking since what you know has worked, that it is enough. That's static thinking and we live in a very dynamic world.

Rick

P.S. And guess what? I'd love to help. Please call or email. My partnership team has blessed and I believe my board will agree to some unique possibilities for 2023 if it really advances Multiply 417's and YOUR mission.
